MOTION FOR CONTINUANCE

COMES NOW Theodore Robert Bundy, defendant pro se, and states as follows:

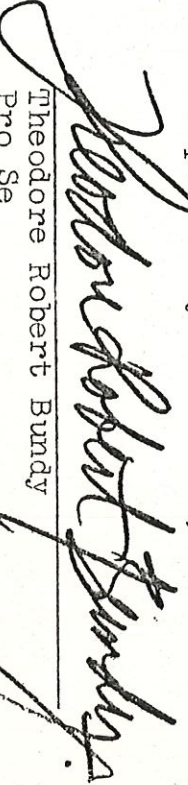

1. The District Attorney, on September 7, 1977, filed with the Court a Notice of Intent to Introduce Additional Similar Transactions. The alleged similar transactions referred to by the District Attorney occurred in October and November, 1974, in the State of Utah.

2. This action by the District Attorney caught the Defense completely by surprise since he has never been charged with or convicted of either of the transactions sought to be introduced, and since one of the alleged transactions does not even constitute a crime.

3. In reviewing nearly three hundred pages of discovery material given to him by the District Attorney, the defendant has identified two additional issues which should be the subject of a suppression hearing. Defendant and his advisory counsel need more time to survey this material to determine whether or not more evidence contained in the "similar transactions" was obtained or developed in violation of the United States Constitution.

WHEREFORE, defendant moves for a continuance of the suppression hearing scheduled to begin September 20, 1977. The defendant asks that it be continued for at least six weeks.
